I. QUESTION AND ANSWER

- 1) **Q:** This Request for Quote requires hourly rates and costs per square foot. How do we assign dollars to Subcontractors on Page 27 and Page 28 Letter of Intent?
A: Names of potential Subcontractors to be listed. Use "TBD" in the amount column.
- 2) **Q:** On page 2 of 28, section 2.A Licenses, what does employ mean? Can it include hiring independent contractors and/or sub consultants?
A: May hire contractors, subs, independents or other companies.
- 3) **Q:** Would a Florida Licensed Mold Assessor satisfy the requirement of the Certified Indoor Air Quality Manager (CIAQM) or Certified Indoor Air Professional (CIAP), since Florida law now requires a Florida Licensed Mold Assessor on all mold inspections?
A: Yes
- 4) **Q:** How do you quantify an hourly rate for activities that have a wide range of prices? For example, there are multiple laboratory services available depending on the type of contaminant or media. Without knowing the exact scope of the work, can we identify pricing for these types of activities as "cost + a percent mark-up"?
