CPR/AED/FIRST AID COURSES - BLENDED LEARNING

70% of drownings happen in the home! Hands-only CPR is not the best in the case of drowning because the person's primary problem is lack of oxygen. Full CPR with compressions and breaths saves lives. Statistics show that the earlier CPR/AED is initiated, the greater the chances of survival. 100,000 to 200,000 lives of adults and children could be saved each year if CPR were performed early enough.

These are perfect opportunities for companies, churches, teams, schools, Scout troops, civic organizations, or other groups to come together and beautify the city. Projects include, but are not limited to, special event assistance, park and roadway cleanup, painting, general building maintenance, gardening, trimming, planting, mulching, and more. Recreation staff will provide instructions, general supervision, tools, and supplies. Project scheduling can be done at the convenience of the volunteer group, on both weekdays and weekends.

Adopt-A-Park Program

Volunteer groups or organizations can help maintain and care for parks, facilities and other public areas, as well as monitor parks for unusual activity and maintenance issues. Volunteers assume responsibility for an assigned park or portion of a park, agree to a minimum of four (4) clean-ups per year for a minimum of one (1) year, and must provide a minimum of ten (10) volunteers each workday. The Adopt-A-Park program provides an added means to maintain City properties and facilities, builds a sense of ownership among citizens, encourages enthusiasm for the City's parks system, and engages citizens in community initiatives.

Individual Volunteers

Volunteer for as little as one hour a month or up to 40 hours per week. Positions are based on need and availability within City departments, such as the Library, Parks and Recreation, Engineering, Public Works, Grassy Waters Preserve, and more! Give us a call or apply at <https://www.wpb.org/Departments/Parks-Recreation/Volunteer-Services> to inquire about how we might put your skills and interests to work.

Youth Sport Coaches

All our youth sports programs depend on volunteer participation! Coaches are needed for each season of Flag Football, Soccer, Kickball, and Basketball.

Internships

For those who are pursuing a college degree, the City of West Palm Beach may offer unpaid internships based on the student's career path of choice. Note that these positions are based on departmental needs and not always available.

Memorial Program

The City of West Palm Beach accepts memorial requests for the placement of trees and benches in parks. Please contact (561) 804-4906 to obtain an application, discuss park locations, preferred placement, and associated fees.

Moonlight Cemetery Tours

Moonlight Cemetery Tours are historical and informative about local pioneers and people of the past; this is NOT a haunted tour. Tours are conducted on select evenings from October - March by historical preservation volunteers and subject to availability. This is a donation-based tour, and any donations given will be used for cemetery upkeep and repairs. Please contact Volunteer Services or visit [Eventbrite.com](https://www.eventbrite.com) for tour dates, locations, and registration information.

Community Gardens

Come out and join us at one of our Community Gardens. Volunteers will help plant, maintain, and educate others on gardening. Group volunteer opportunities are available upon request. For more information on Community Gardens, please contact (561) 804-4979 or visit <https://www.wpb.org/government/housing-community-development/wpb-famupartnership>.
